to Gearbox

GUARANTEE ProQuip, Inc. accepts full responsibility for furnishing suitable equipment which shall be fit for the purpose which it is required, and for its successful operation under the conditions for which it was specified.

- **Rugged cast iron housing** resists shock loads, maintains accurate gear alignment
- **Rugged design** with single reduction with involute helicoid thread form worm gearing
 - **High capacity** to sustain high starting loads or momentary shock overloads
 - Strength and power of **worm gear** plus the efficiency of **helical or spiral bevel gear**
 - **Oversized output shaft and heavy-duty tapered roller bearings** with L-10 lives in excess of 100,000 hours
- **Dry-well dam around output shaft** provides a positive barrier against oil leakage
